

Corporate Governance Policy

Mavyn.in

Your Digital Trucking Partner

At Mavyn, we believe in sustainable development, which we interpret as growing our business in a socially and environmentally responsible way, while meeting the legitimate interests of our stakeholders.

We believe in taking an active role and responsibility in empowering local communities to achieve their ambitions. It is a disciplined structure, and promotes fairness, transparency and accountability, that enable us to conduct business consistently throughout our organization while remaining agile and innovative.
